**September 15-16, 2011**

**OFFICE OF FEDERAL PROGRAMS**

15. Approval to issue an approved list of Supplemental Educational Service Providers for the 2011-2012 School Year

Purpose: Under Title I, Part A, of the *No Child Left Behind Act of 2001*, low-achieving, disadvantaged students attending schools that do not make adequate yearly progress for three consecutive years (i.e., schools that are in their second year of improvement, corrective action, or restructuring) may receive supplemental educational services. States are responsible for identifying eligible Supplemental Educational Service (SES) providers for districts. Parents are to work with their school districts to select the SES providers for their children from a list as approved by the State.

Summary of Selection Process:

All new applicants were required to complete a response to a Request for Proposals in order to be considered for approval to provide services during the 2011-2012 school year.

All continuing SES Providers from the 2010-2011 school year were required to complete a Renewal Application in order to provide services during the 2011-2012 school year.

Scoring Criteria:

- A. Evidence of Effectiveness
- B. Links Between Research and Program Design
- C. Connection to State and District Academic Standards
- D. Monitoring of Student Progress
- E. Qualifications of Instructional Staff
- F. Compliance with Federal, State and Local Health, Safety and Civil Rights Laws

Recommendation: Approval
